Docket No. 98N-1265
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Before my doctor prescribed the natural compounded medication from Madison for me, I was very ill. This natural medication works so much better than the "one size fits all" medications other doctors kept prescribing for me. The "regular" medications were literally killing me. Please do not prevent me from obtaining medications that made such a good difference in my quality of life.
